2.3.2 Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words	
<p>Teachers increasingly use ICT-enabled tools to enhance the effectiveness of the teaching-learning process. These tools include smart boards, projectors, and educational apps, e-content, online platforms like Google Classroom and Microsoft Teams, as well as multimedia presentations, videos, and simulations. ICT helps make learning more interactive, engaging, and student-centered. It enables teachers to explain complex concepts using visual and audio aids, catering to diverse learning styles.</p> <p>Through ICT, teachers can access a wide range of resources and digital content that enrich the curriculum and promote creativity and critical thinking among students. Online assessments and feedback systems also support continuous evaluation and improvement. Moreover, tools like Learning Management Systems (LMS) help in organizing lessons, tracking student progress, and ensuring timely communication with students and parents.</p> <p>In remote or blended learning scenarios, ICT plays a vital role in maintaining the continuity of education. Virtual classrooms, webinars, and recorded lectures ensure that learning remains flexible and accessible. Overall, ICT enhances collaboration, supports differentiated instruction, and improves the overall quality of education by making teaching more efficient and learning more meaningful</p>

## **2.5 - Evaluation Process and Reforms**

### **2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode.**

Write description within 200 words.

The mechanism of internal assessment is transparent and robust, ensuring fairness, consistency, and continuous academic monitoring. Internal assessments are conducted at regular intervals throughout the academic year, incorporating a variety of modes such as written tests, assignments, presentations, practicals, and project work. This multi-dimensional approach evaluates not only cognitive skills but also creativity, application, and understanding.

Clear guidelines, rubrics, and schedules are shared with students in advance to maintain transparency. Assessment criteria are well-defined, and feedback is timely and constructive, allowing students to identify their strengths and areas of improvement. To avoid bias and ensure reliability, evaluations are moderated and reviewed periodically by internal committees or subject experts.

Digital tools and Learning Management Systems (LMS) are often integrated to maintain records, automate calculations, and provide easy access to marks and feedback. The frequency of assessments aligns with the curriculum structure, ensuring adequate opportunities for learning and improvement. Students are encouraged to actively participate and reflect on their performance, fostering a student-centric learning environment.

Overall, the internal assessment system is designed to be learner-friendly, objective, and aligned with academic goals, ensuring the holistic development of students.

### **2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time bound and efficient**

The mechanism for addressing internal examination grievances is transparent and student-friendly. Grievances are accepted through a defined process and resolved within a stipulated time frame.

A committee of faculty members reviews complaints fairly and ensures necessary corrective actions. Students are informed of the outcome, ensuring trust and accountability in the system.

<b>6.4- Financial Management and Resource Mobilization</b>	
6.4.1- Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words	
<b>Institution conducts internal and external financial audits regularly</b>	
<p>The institution has a well-established mechanism for conducting both internal and external financial audits to ensure transparency, accountability, and accuracy in financial transactions. <b>Internal audits</b> are conducted quarterly by a designated internal audit committee comprising senior administrative staff and a certified internal auditor. This process includes the verification of receipts, payments, vouchers, payroll, and budgetary allocations. It helps in early detection and correction of discrepancies.</p>	

**External audits** are carried out annually by a government-approved Chartered Accountant appointed by the management or the parent body. These audits assess compliance with financial norms, accounting standards, and statutory obligations such as TDS, GST, and income tax. The audit covers all financial records including ledgers, bank statements, utilization of grants, and balance sheets. Any audit objections or remarks are recorded in the audit report. The institution initiates prompt action to resolve such issues through a structured process. The concerned departments are informed and given timelines to provide clarifications or make necessary corrections. Compliance reports are submitted to the auditor, and follow-up audits are done if needed to confirm resolution. This dual-audit system strengthens financial discipline and fosters stakeholder trust in the institution's financial governance.

<b>7.3 - Institutional Distinctiveness</b>	
7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words	
<p>One distinctive area of performance that reflects the institution's core priority and thrust is <i>value-based teacher education</i>. The institution is committed to nurturing professionally competent, ethically grounded, and socially responsible educators. Emphasis is placed not only on academic excellence but also on character building, moral values, and community engagement.</p> <p>Through a carefully designed curriculum integrated with experiential learning, student-teachers are exposed to real-world classroom situations, inclusive practices, and community outreach. Programs such as school internships, social service camps, value education sessions, and environment awareness drives are regularly conducted. These initiatives develop a sense of empathy, leadership, and accountability among learners.</p> <p>The institution also emphasizes reflective practices, encouraging student-teachers to critically evaluate their teaching strategies and adopt innovative methods suited to diverse learners. ICT integration, inclusive pedagogy, and continuous professional development further strengthen their preparedness for the modern educational landscape.</p> <p>By prioritizing holistic teacher development, the institution not only meets academic goals but also contributes significantly to society by preparing future educators who are capable of transforming lives and fostering positive change. This strong foundation in value-based teacher education is what sets the institution apart.</p>
