

## Expert Lectures at Smt. S. I. Patel Ipcowala College of Education, Petlad

As part of its continuous pursuit of academic enrichment and professional development, **Smt. S. I. Patel Ipcowala College of Education, Petlad**, regularly organizes **Expert Lectures** for B.Ed. trainees. These sessions aim to bridge the gap between theoretical knowledge and practical understanding by inviting scholars and professionals from diverse educational fields.

During the academic year, the college hosted a series of expert lectures on contemporary themes such as **Educational Psychology, NEP 2020, Inclusive Education, Classroom Management, ICT in Teaching, Guidance & Counseling, Environmental Awareness, and Value-Based Education**. Eminent academicians, educationists, child psychologists, and practicing teachers were invited to share their insights, experiences, and real-world applications of theoretical concepts.

These lectures provided students with fresh perspectives on evolving trends in education and encouraged them to reflect critically on their future roles as educators. The interactive sessions also helped trainees clarify their doubts, engage in discussions, and develop deeper interest in specific pedagogical areas.

The initiative aligns with the college's commitment to **academic excellence, continuous faculty-student engagement, and exposure to multidisciplinary knowledge**. Such expert interactions serve as a motivation for students to stay updated, expand their intellectual horizons, and apply innovative ideas in their future teaching practice.
